

## **NET STABLE FUNDING RATIO: 30th September 2025**

slice small finance bank (erstwhile North East Small Finance Bank), as per the RBI guideline on NSFR dated May 17, 2018, is required to maintain the NSFR on an ongoing basis. The minimum NSFR requirement set out in the RBI guideline effective October 1, 2021, is 100%. The Basel Committee on Banking Supervision (BCBS) had introduced the Net Stable Funding Ratio (NSFR) to ensure resilience over a longer-term time horizon by requiring banks to fund their activities with more stable sources of funding. NSFR is defined as the amount of available stable funding relative to the amount of required stable funding. Available stable funding (ASF) is defined as the portion of capital and liabilities expected to be reliable over the time horizon considered by the NSFR, which extends to one year. The amount of stable funding required (RSF) of a specific institution is a function of the liquidity characteristics and residual maturities of the various assets held by that institution as well as those of its off-balance sheet exposures. The NSFR for the Bank as on September 30, 2025 was at 184.21%. The following table sets out the unweighted and weighted value of the NSFR components of slice small finance bank as on September 30, 2025

• The NSFR as of 30th September 2025 was 184.21%.

| Net Stable Fu  | unding Ratio    | o (in INR L | akhs)                 |             |                |
